226 W. Jackson Boulevard | Chicago, Illinois 60606 | (312) 553-2500 | [www.ccc.edu](http://www.ccc.edu)

## DUAL ENROLLMENT

The Dual Enrollment program allows motivated high school junior and senior students the opportunity to earn college credit, while attending high school. The credits you earn are transferable to many four-year colleges and universities.

Through a partnership with Chicago Public Schools (CPS) and City Colleges of Chicago, high school students are eligible to enroll in a number of college-level courses including Art, Biology, Business, Chemistry, Computer Science, Humanities, Mathematics, Psychology and Speech.

## BENEFITS

- Earn credit for both high school and college. The college credit will be applied to a degree program at one of the City Colleges of Chicago or can be transferred to a four-year college.
- Get access to great college professors.
- Develop important time management and study skills.

## REQUIREMENTS

- Participants should be a junior or senior in high school.
- There is a school recommendation required if you don't meet both of the following requirements—a minimum GPA of 2.5 and a 90% high school attendance rate (CPS students only).
- Take the ACT and/or COMPASS Placement Exam. Check the CCC course catalogue for qualifying scores.
- Submit a signed parental permission form.

## GETTING STARTED

Everything you need to register for the Dual Enrollment program is included in this course schedule—an academic calendar for the fall semester at City Colleges of Chicago, recommended City Colleges classes, and a dual enrollment checklist. Your first step is to meet with your high school advisor and tell them you want to enroll. Next, contact the dual enrollment representative at your nearest City College.
