### Membership Term & Dues

Term	Product	Quantity	Price
Year 1	All-access online membership	Enterprise	\$35,000
	Implementation Package	One Time Charge	\$6,000

### Membership Type

Institution-Wide / Enterprise Member refers to a member organization that purchases an unlimited number of Users for faculty and staff associated with the organization. Membership benefits are limited to employees of your institution only. In the USA, we determine unique institutions as delineated by data collected and hosted through the Integrated Postsecondary Education Data System (IPEDS). After the membership activates, access is automatically granted to Users based on the domain name of their email address upon account creation. AI must be notified of alias domain names to ensure they receive proper access (e.g., @ccc.edu). Outside of the USA, unique institution identification is determined and clarified by AI staff.

## Membership Benefits

---

Your Online Membership offers you and your users unlimited access to Articles & Reports, On-Demand Learning, and Live Webcasts, and Virtual Conferences and Workshops, regardless of subject matter. Members will also receive a dedicated Account Manager, who will be working closely with the membership managers to ensure each user is successful in their professional development pursuits. Please remember that all member benefits are specifically reserved for active users on the membership. Login information and content cannot be shared with non-users.

## Limitations of Use

---

Membership benefits are limited to members of the purchasing organization only. We determine unique institutions as delineated by data collected and hosted through the Integrated Postsecondary Education Data System (IPEDS). Outside of the United States, unique institution identification is determined and clarified by AI staff. You may not post or display any content from your membership on any websites viewable outside your organization. Usage of the membership is expressly restricted to the assigned Users only -- User Profiles cannot be shared between individuals. Login steps to online webcasts cannot be shared. Events cannot be streamed or simulcast to non-users. All user profiles must have a unique email address belonging to the individual accessing the membership; general/department email addresses are not allowed. In the event a User is terminated or leaves the purchasing organization, a new User may be substituted at the discretion of AI. Please contact your Account Manager, [niecie@academicimpressions.com](mailto:niecie@academicimpressions.com), or 720.988.1264 for questions.

For additional membership terms, please refer to the [Membership Terms & Conditions](#).
