CITY COLLEGES® OF CHICAGO

Below are the following Sole Source/Bid Waiver Criteria. If your purchase does meet any of the following criteria, please complete the form and submit to Procurement Services at solesource@ccc.edu

What is a Sole Source Procurement?

A "sole source" procurement can be defined as any contract entered into without a competitive process, based on a justification that only one known source exists or that only one single supplier can fulfill the requirement. Although CCC generally does not permit non-competitive procurements by statute, exceptions are allowed where competition is not feasible. Even though the procurement isn't competed, you still need to maintain a history of the process. It will be especially important for you to document the circumstances and rationale for not competing the solicitation. This form is used for this documentation.

Examples of acceptable exceptions from the competitive procurement process may include (but are not limited to):

- Only one known source exists for supplies of services or products as determined by documented research.
- No other reasonable alternative source exists that meets the CCC requirements.
- Only one source meets the business needs of the CCC (e.g., compatibility, unique feature to meet CCC's business need, etc.)
- Procurement of public utility services.

What's not a Sole Source Procurement?

- A CCC requirement for a particular proprietary product or service does not automatically justify a sole source procurement if there is more than one potential bidder of offeror for that item.
- A CCC preference for a specific brand or name product does not justify a sole source procurement.
- A good's or service's "uniqueness" alone may not qualify the producer or supplier of the good or service as a sole provider.

Why are you requesting a Sole Source Waiver?

Check the reason below explaining why you are requesting a Sole Source/Bid Waiver for this purchase:

Only one known	source that can	nrovide the	commodity or s	service
	source mar can	provide life	commonly or a	Seivice.

- Procurement of public utility services
- Compatibility (e.g., a public safety, CCC requiring a specific piece of equipment to be compatible with an existing equipment system)
- Limited or proprietary systems (i.e. additional licenses, updates, specialized replacement parts, etc.)
- A professional expert is requested.
- Sales territories or product availability within limited geographic boundaries.

Business Rationale

1. Provide a detailed explanation of the need for the supplies or services:

ESL Students take the CASAS test to determine their academic level for placement in Adult Education classes, which is an ICCB requirement for Adult Education students. They also take a post-test to determine if they have made a level gain. Adult Ed programs are required to meet ICCB level gain targets.

2. What are the unique features of the supplies or services that are not available in any other product or by any other vendor? *Provide specific, quantifiable factors/qualifications:*

Adult Education classes are sequenced in alignment with the student scores on the CASAS test. ICCB mandates the use of the CASAS test for placement in Adult Education classes.

- 3. If professional services, what are the unique qualifications the vendor possess? *Provide specific. measureable factors/qualifications:*
 - NA
- Were alternative supplies or services evaluated?
 Yes
 No
 a. If yes, what were they and why were they unacceptable? If no, why were alternatives not evaluated?
 Please be specific with regard to features, characteristics, requirements, capabilities and compatibility:

CASAS is the only provider of the CASAS test, and is proprietary.

- 5. What efforts were made to get the best possible price?
 This price is considered fair and resonable and is discounted because of the volume that we purchase.
- 7. Why is the price for this purchase considered to be fair and reasonable?

As CCC utilizes large quantities of CASAS licenses, the discounted price for bulk purchases is considered fair and reasonable.

8. If this is a renewal, describe why circumstances are such that competitive selection is still not an alternative since awarding the original contract:

CASAS is still the only provider of the CASAS test which is required by ICCB.

9. What will be the financial or other impact to the CCC if this sole source is not approved and a competitive bid is required? Inability to access ESL student academic proficiency in alignment with Illinois Community College Board approved class alignment and placement procedures for students. Thereby not allowing students to progress into a course of study with success. We would not have accurate placement and we would not meet the ICCB targets for level gains or post-tests.
