

March 14, 2019 ADDENDUM NO. 3

REQUEST FOR PROPOSALS (RFP) #MWJ1901 - COMPUTER TECHNOLOGY EQUIPMENT AND SERVICES DISTRICT-WIDE

ONE (1) ORIGINAL SIGNATURE HARD COPY AND TWO (2) USB DRIVES OF THE RESPONSE TO BE SUBMITTED

All responses shall be addressed and returned to: City Colleges of Chicago Dawson Technical Institute Procurement Services 3901 S. State Street, Room 102 Chicago, IL 60609 Attn: Marietta Williams-Johnson, Buyer Proposals must be received no later than 12:00 p.m. local Chicago time, on Friday, March 29, 2019

Part 1 – Questions, Responses and Clarification of Information

Revised responses to questions from Addendum No. 1

- Q5 The list of software components does not have branding. Is CCC looking for a specific brand or function?
 Response: See revised requirements listed in this Addendum No. 2 Revised Section VIII Fee/Cost Proposal Revised Exhibit A and Revised Exhibit B.
- Q6 What are the CCC limits given the size of Oracle's applications? What Enterprise Apps are used? Response: See revised requirements listed in this Addendum No. 2 - Revised Section VIII – Fee/Cost Proposal – Revised Exhibit A and Revised Exhibit B.
- Q8 Does scope include security cameras, hardware, installation, and card readers? Response: Yes, See revised requirements listed in this Addendum No. 2 - Revised Section VIII – Fee/Cost Proposal – Revised Exhibit A and Revised Exhibit B.

Part 2 – Modifications to RFP document

ITEM NO. 1: CURRENTLY READS AND DELETE THIS ENTIRE SECTION: Section VIII – Fee/Cost Proposal

- Exhibit A Office of Information Technology Equipment, Services and Maintenance Requirements
- Exhibit B Software, Equipment and Maintenance

SECTION VIII – FEE/COST PROPOSAL

Having carefully examined the scope of services, requirements, and conditions affecting this Request for Proposal, the Proposer shall provide a Fee/Cost Proposal in which the Proposer will perform the services requested. Your proposal must identify and detail any and all other pricing structures, cost or fees (i.e. licensing, professional/consulting services, on-going maintenance, etc.)

EQUIPMENT SYSTEM PRICING AND PRICING INCENTIVES

Proposers are to provide pricing based on the configurations noted in Exhibit B for each of the following categories:

- Warranty
- List Price
- Cost plus Discount % Costs
- Net Price

Vendor must be a Value Added Reseller for the specified manufacturers identified in this RFP. Each Proposer's proposal must adhere to the following requirements. Vendor(s) may note "no bid" on items they are not a VAR or an Authorized Service Provider

GENERAL PRICING

1. Cost plus pricing is firm for the term of any resultant contract. (The cost plus price may consist of general overall guaranteed cost plus pricing, or it may consist of detailed categorized pricing. Proposers must specify any and all products and/or services NOT covered by this pricing structure and must specify whether the cost of a three (3) year warranty upgrade is included in the price of the product or service or is listed separately in the proposal.) Proposers should provide a flat rate for products and equipment specified in Exhibit B.

2. Pricing is inclusive of any and all delivery charges (See appendices for related interrogatory).

3. Pricing includes all original equipment manufacturer accessories and supplies, including, but not limited to, operational manuals, driver software, and cables

4. Pricing includes configuration, on-site installation, and enhanced hardware service agreement/warranty.

5. Offer any additional discount program or incentives along with the pricing schedule.

6. At no cost to CCC, the selected vendor(s) must make available for evaluation at least two (2) systems, that is, two (2) of each of the following, details about which are provided in Exhibit B

- 1. Desktops and laptops
- 2. Monitors
- 3. Servers
- 4. Printers and scanners
- 5. Software products
- 6. Displays
- 7. Optional products

Said systems will be available to CCC for evaluation and will be updated by the selected vendor(s) as new technology evolves and as new equipment and products are developed.

PRICING SPECIFICS

1. PRICING FOR DESKTOPS and LAPTOPS

Pricing shall include all components as described herein under Configurations in Exhibit B.

2. PRICING FOR MONITORS

Pricing shall include all components as described herein under Configurations in Exhibit B.

3. PRICING FOR SERVERS

Pricing shall include all components as described herein under Configurations in Exhibit B.

4. PRICING FOR PRINTERS and SCANNERS

In addition to providing pricing based on the Configurations noted herein in Exhibit B Pricing includes all original equipment manufacturer accessories and supplies, including manuals, driver software, toner and media trays etc. A printer interface cable MUST be accompanied by each printer that is ordered. Consumables, such as toner, are to be priced.

5. PRICING FOR SOFTWARE PRODUCTS

Pricing shall include all components as described herein under Configurations in Exhibit B.

6. PRICING FOR DISPLAYS

Pricing shall include all components as described herein under Configurations in Exhibit B.

7. PRICING FOR OPTIONAL PRODUCTS AND SERVICES

CCC reserves the right to request Statements of Work for projects that may involve both equipment and/or services. The Proposer shall describe pricing for system units, related items, and all available component and add-on features for referenced equipment. Contracted vendor will be requested to quote jobs based on equipment pricing and discounts per the contract, hourly rates and indicate a time frame for the job.

Proposer is to propose a list of technical staff and hourly rates that are required to provide installation, integration and support services listed in this contract.

8. PRICING INCENTIVES

- 1. Discounted Related Information Technology Equipment: Please indicate discounts from manufacturers' list prices on all related equipment for each listed in Exhibit B such as, but not limited to, laptops, desktops, scanners, digital cameras, projectors, interactive classroom equipment, audio and video conferencing equipment, and large LCD displays. Proposers are encouraged to submit pricing for other related technology products and supplies.
- 2. Software Educational and Volume Discount Incentives: CCC is aware that many software companies offer special educational volume discount pricing. Proposer should be open to the possibility of periodic audit by CCC Internal Audit. Each Proposer shall include in its proposal all available discounts and other pricing incentives that its firm can provide to CCC. Also, subject to penalty, the selected vendor shall provide CCC with all available discounts and other pricing incentives for which CCC is eligible. Proposers MUST provide sample copies of all agreements that will need to be established between CCC and the software developer before CCC may benefit from the special pricing structures.
- 3. Percentage discounts off manufacturer's list pricing is to be presented for manufacturer categories requested herein.

EXHIBIT A OFFICE OF INFORMATION TECHNOLOGY EQUIPMENT, SERVICE, AND MAINTENANCE REQUIREMENTS

INSTALLATION, INTEGRATION AND SUPPORT

CCC requests proposals for support services, installation and integration for the equipment outlined in the Exhibit B. Vendors are to propose scope of work teams for the installation & integration of the various systems that can be formed from said equipment. Proposals are to include OEM training by manufacturer certified staff to CCC's technical staff for equipment and software provided.

ID #	Category	Sub- Category	Product Specifications	Y/N	Please provide details as appropriate:
1.	Utilities of Service	Equipment Repair and Maintenance	Proposers seeking to be awarded contracts for maintenance on laptops, desktops, LCD monitors and laser printers must be Hewlett Packard Authorized Service Providers.		
2.	Utilities of Service	Equipment Repair and Maintenance	Proposers are responsible for determining in or out of warranty status at the time of the service call.		
3.	Utilities of Service	Equipment Repair and Maintenance	Proposer will provide all parts (except manufactured considered consumable items) and labor to perform the repairs.		
4.	Utilities of Service	Equipment Repair and Maintenance	Should vendor identify equipment or materials in need of repair or maintenance that is not covered under warranty vendor is responsible for providing a quote of the cost for repair/maintenance from the requestor of the on-site repair/maintenance prior to commencing with the work		
5.	Utilities of Service	Equipment Repair and Maintenance	Vendor will provide and utilize appropriate equipment and supplies required to repair and/or maintain the

22.	Service	Replacement	laptop computer,	
	Scivice	-		
		8	server, midrange	
			computer, optional	
			upgrade component	
			and/or other peripheral	
			device delivered to	
			CCC that is found	
			"Dead on Arrival"	
			(DOA) must be	
			replaced with a new	
			operable unit that has	
			the originally identified	
			specifications and by	
			no later than the next	
			business day after	
			notification by CCC to	
			the vendor.	
23.	Utilities of	Returns and	The vendor must bear	
25.	Service		all costs associated with	
	Service	Replacement	the return of the	
		S		
			inoperable unit, as well	
			as delivery of the new	
	1	1		
			unit to the appropriate CCC location.	

ID #	Category	Sub-Category	Product Specifications	Y/N	Please provide details as appropriate:
1.	Installation	Set-up Service	Transfer equipment from delivery area to user's station/office		
2.	Installation	Set-up Service	Un-pack all equipment		
3.	Installation	Set-up Service	Set-up equipment on desktop per OIT and/or user's direction		
4.	Installation	Set-up Service	Connect system to printer(s)		
5.	Installation	Set-up Service	Connect system to network		
6.	Installation	Set-up Service	Test printing and network connection(s)		
7.	Installation	Set-up Service	Remove from CCC premises any and all discarded packaging materials.		
8.	Installation	Set-up Service	Place CCC asset tag and report asset number to Purchasing		
9.	Installation	Configuration Service	Identify and move all data files to designated network drive or OneDrive		
10.	Installation	Configuration Service	Perform new machine check (e.g., boot, check for errors, scan disk, connect to network, check peripherals)		
11.	Installation	Configuration Service	Transfer data to new system		
12.	Installation	Configuration Service	Reinstall all relevant applications including, but not limited to, Microsoft Office and email access		
13.	Installation	Configuration Service	Test Applications		
14.	Installation	Configuration Service	Images are to be installed in a manner that creates a unique System Identification Number		
15.	Installation	Configuration Service	Test printing (i.e., local and remote) and		

			peripherals	
16.	Installation	Configuration Service	All new configurations are to be documented and provided to CCC.	
17.	Installation	Configuration Service	All new systems are to have unique System Identification Numbers.	
18.	Installation, Integration and Support Services	Configuration Service	Perform Upgrade to current version of Windows or other identified operating system	
19.	Installation, Integration and Support Services	Configuration Service	Should the proposed support services be provided by a party other than the Proposer, identify the service organization and provide a letter from said organization acknowledging and defining the proposed services. CCC reserves the right to vet and approve staff proposed.	
20.	Installation, Integration and Support Services	Configuration Service	CCC requires that all options be pre- configured, installed and tested before delivery	
21.	Installation, Integration and Support Services	Configuration Service	In addition to options provided by the manufacturer, CCC may order systems with third party options.	
22.	Installation, Integration and Support Services	Configuration Service	Hourly on-site installation of application software	

## **Technical Services and Support**

18.	Technical, Service and Sales Support	Asset tracking requirements	Vendor agree to comply with CCC delivery and asset tracking requirements including all equipment deliveries are subject to inspection by CCC Receiving personnel.	
19.	Technical, Service and Sales Support	Asset tracking requirements	Vendor agree to comply with CCC delivery and asset tracking requirements including affixing a CCC asset tag to all materials being delivered and provide list of the materials being delivered to the purchaser in an Excel or .csv file, including: a. Product ID b. Serial number c. Unique System Identification Number d. Make e. Model # f. Campus/Location g. Classroom or Cube # (if known)	
20.	Technical, Service and Sales Support	Asset tracking requirements	Vendor agree to comply with CCC delivery and asset tracking requirements including providing documentation of removed equipment per CCC's direction.	

EXHIBIT B SOFTWARE, EQUIPMENT, AND MAINTENANCE

City Colleges of Chicago uses HP computers and peripherals in multiple form factors with varying processing power determined by the application. Only new, manufacturer provided equipment will be acceptable; no rebuilt or refurbished equipment will be accepted. The Proposer must be a VAR (Value Added Reseller) or Authorized Service Provider and be able to sell and service the current requested models upon which they bid, as well as future models designated by CCC. Pricing is to be based off the configurations noted with percentage off list prices for future models proposed to CCC and accepted by CCC management. Vendor is to maintain license renewal information in a tracking database and process renewal with notification to CCC for all software purchased under this contract.

<u>Software</u>

CCC uses multiple desktop and server based applications based on need. The following software are listed indicating the current version installed at CCC. CCC may request other software and/or future versions of the same.

Computing

City Colleges of Chicago uses HP computers and peripherals in multiple form factors with varying processing power determined by the application. Only new, manufacturer provided equipment will be acceptable; no rebuilt or refurbished equipment will be accepted. The Proposer must be a VAR (Value Added Reseller) or Authorized Service Provider and be able to sell and service the current requested models upon which they bid, as well as future models designated by CCC. Pricing is to be based off the configurations noted with percentage off list prices for future models proposed to CCC and accepted by CCC management. Vendor is to maintain license renewal information in a tracking database and process renewal with notification to CCC for all software purchased under this contract.

Security

CCC's Safety and Security Department is heavily reliant on technology equipment, software and services to keep our community safe. The Safety and Security Department uses specialized equipment, such as card readers, thermal printers, and Security Management System software to secure our physical environment and, because of the investment CCC has made in our video management system, proposing vendors must either be an existing authorized Milestone Systems reseller, or become an authorized reseller for Milestone Systems as a pre-requisite to being awarded a contract for the Security Equipment and Software component of this RFP.

Revised Section VIII – Fee/Cost Proposal

- Revised Exhibit A Office Of Information Technology Equipment, Service, And Maintenance Requirements
- Revised Exhibit B Software, Equipment and Maintenance

REVISED SECTION VIII – FEE/COST PROPOSAL

Having carefully examined the scope of services, requirements, and conditions affecting this Request for Proposal, the Proposer shall provide a Fee/Cost Proposal in which the Proposer will perform the services requested. Your proposal must identify and detail any and all other pricing structures, cost or fees (i.e. licensing, professional/consulting services, on-going maintenance, etc.)

EQUIPMENT SYSTEM PRICING AND PRICING INCENTIVES

Proposers are to provide the highest percentage (%) off MSRP and any other additional discounted incentives for the items listed in Exhibit B (Revised) for each category.

Vendor must be a Value Added Reseller (VAR) for the specified manufacturers identified in this RFP. Each Proposer's proposal must adhere to the following requirements. Vendor(s) may note "no bid" on items they are not a VAR or an Authorized Service Provider.

GENERAL PRICING

1. Pricing is to remain firm for the term of any resultant contract. (Proposers must specify any and all products and/or services NOT covered by this discount and must specify whether the cost of a three (3) year warranty upgrade is included in the price of the product or service or is listed separately in the proposal.) Proposers should provide the highest percentage (%) off MSRP for products and equipment specified in Exhibit B.

- 2. Pricing is inclusive of any and all delivery charges.
- 3. Pricing includes all original equipment manufacturer accessories and supplies, including, but not limited to, operational manuals, driver software, and cables.
- 4. Pricing includes configuration, on-site installation, and enhanced hardware service agreement/warranty.
- 5. Offer any additional discount program or incentives along with the pricing schedule.
- 6. At no cost to CCC, the selected vendor(s) must make available for evaluation at least two (2) systems, that is, two (2) of each of the following, details about which are provided in Exhibit B
 - 8. Desktops and laptops
 - 9. Monitors
 - 10. Servers
 - 11. Printers and scanners
 - 12. Software products
 - 13. Displays
 - 14. Optional products

Said systems will be available to CCC for evaluation and will be updated by the selected vendor(s) as new technology evolves and as new equipment and products are developed.

PRICING SPECIFICS

1. PRICING FOR DESKTOPS and LAPTOPS

Pricing shall include all components as described herein under Configurations in Exhibit B.

2. PRICING FOR MONITORS

Pricing shall include all components as described herein under Configurations in Exhibit B.

3. PRICING FOR SERVERS

Pricing shall include all components as described herein under Configurations in Exhibit B.

4. PRICING FOR PRINTERS and SCANNERS

In addition to providing pricing based on the Configurations noted herein in Exhibit B Pricing includes all original equipment manufacturer accessories and supplies, including manuals, driver software, toner and media trays etc. A printer interface cable MUST be accompanied by each printer that is ordered. Consumables, such as toner, are to be priced.

5. PRICING FOR SOFTWARE PRODUCTS

Pricing shall include all components as described herein under Configurations in Exhibit B.

6. PRICING FOR DISPLAYS

Pricing shall include all components as described herein under Configurations in Exhibit B.

7. PRICING FOR OPTIONAL PRODUCTS AND SERVICES

CCC reserves the right to request Statements of Work for projects that may involve both equipment and/or services. The Proposer shall describe pricing for system units, related items, and all available component and add-on features for referenced equipment. Contracted vendor will be requested to quote jobs based on equipment pricing/discounts per the contract, hourly rates and indicate a time frame for the job.

Proposer is to propose a list of technical staff and hourly rates that are required to provide installation, integration and support services listed in this contract.

8. PRICING INCENTIVES

- 4. Discounted related Information Technology Equipment: Please indicate discounts from manufacturers' list prices on all related equipment for each item listed in Exhibit B. Proposers are encouraged to submit pricing for other related technology products and supplies.
- 5. Software Educational and Volume Discount Incentives: CCC is aware that many software companies offer special educational volume discount pricing. Proposer should be open to the possibility of periodic audit by CCC Internal Audit. Each Proposer shall include in its proposal all available discounts and other pricing incentives that its firm can provide to CCC. Also, subject to penalty, the selected vendor shall provide CCC with all available discounts and other pricing incentives for which CCC is eligible. Proposers MUST provide sample copies of all agreements that will need to be established between CCC and the software developer before CCC may benefit from the special pricing structures.
- 6. Percentage discounts off manufacturer's list pricing is to be presented for manufacturer categories requested herein.

REVISED - EXHIBIT A

OFFICE OF INFORMATION TECHNOLOGY EQUIPMENT, SERVICE, AND MAINTENANCE REQUIREMENTS

INSTALLATION, INTEGRATION AND SUPPORT

CCC requests proposals for support services, installation and integration for the equipment outlined in the Exhibit B. Vendors are to propose scope of work teams for the installation & integration of the various systems that can be formed from said equipment. Proposals are to include OEM training by manufacturer certified staff to CCC's technical staff for equipment and software provided. Please respond to each individual requirement listed in the below table with "Y or N" in assigned space. Also, proposer should provide additional comments or details as appropriate.

ID #	Category	Sub-Category	Product Specifications	Y/N	Please provide details as appropriate:
1.	Utilities of Service	Equipment Repair and Maintenance	Proposers seeking to be awarded contracts for maintenance on laptops, desktops, LCD monitors and laser printers must be Hewlett Packard Authorized Service Providers.		
2.	Utilities of Service	Equipment Repair and Maintenance	Proposers are responsible for determining in or out of warranty status at the time of the service call.		
3.	Utilities of Service	Equipment Repair and Maintenance	Proposer will provide all parts (except manufactured considered consumable items) and labor to perform the repairs.		
4.	Utilities of Service	Equipment Repair and Maintenance	Vendor should identify equipment or materials in need of repair or maintenance that is not covered under warranty and notify CCC of its findings		
5.	Utilities of Service	Equipment Repair and Maintenance	Vendor will provide and utilize appropriate equipment and supplies required to repair and/or maintain the equipment, including, but not limited to; maintenance materials, tools, original manufacturer replacement parts, documentation, diagnostic tools and test equipment.		
6.	Utilities of Service	Equipment Repair and Maintenance	Provide and bear all costs associated, but not limited to, transportation, labor and parts for maintaining the specified equipment in good operating condition.		
7.	Utilities of Service	Equipment Repair and Maintenance	Maintenance support must include support repair of system unit including, but not limited to; disk drives, CD drives, DVD drives, tape backup units, network cards, memory, batteries, emulation cards and other expansion cards and devices		
8.	Utilities of Service	Vendor Deliverables	Vendor(s) must provide written notification to CCC as soon as possible after learning of situations that may adversely affect CCC's information technology base. Events requiring written notification include, but are not limited to: 1. Supplier-initiated changes in configuration from the standards defined by CCC;		

	1	1		[]
			2. Supply shortage situations; and/or	
			3. Hardware defects and compatibility	
			issues.	
			4. Upgrades to equipment models and	
0		X 7	software versions	
9.	Utilities of	Vendor	The selected vendor must meet periodically	
	Service	Deliverables	as requested with OIT management to	
			discuss performance, and provide relevant	
			information about the IT industry and	
			market, especially as they relate to the	
			higher education and community college arenas	
10.	Utilities of	Vendor	Reports submitted in the management	
10.	Service	Deliverables	meeting are to include sales as well as	
	Service	Denverables	contract performance data.	
11.	Utilities of	Vendor	With respect to each product purchased by	
11.	Service	Deliverables	CCC, the successful Proposer(s) will	
	~~~~~		coordinate with supplier(s) to offer regular	
			access to non-disclosure announcements,	
			beta releases, and software and volume	
			upgrades, whenever they are available.	
12.	Utilities of	Vendor	CCC is to be notified of updated and new	
	Service	Deliverables	versions/software.	
13.	Utilities of	Vendor	CCC is to have updates demonstrated and	
	Service	Deliverables	may request technical support in	
			developing images.	
14.	Utilities of	Vendor	Provide monthly technology assessment	
	Service	Deliverables	meetings to review current and upcoming	
			hardware, software and peripheral trends	
15	Utilities of	Vendor	within the IT sphere.	
15.	Service	Deliverables	CCC reserves the right to schedule fewer or more often meetings depending on the	
	Service	Deriverables	prevailing needs of the District.	
16.	Utilities of	Vendor	Each computer procured by CCC must	
10.	Service	Deliverables	include delivery to OIT a licensed copy of	
	Bervice	Denverables	the support manual and other materials and	
			documentation for the delivered and/or	
			latest version of software as of the date of	
			this procurement vehicle.	
17.	Utilities of	Vendor	Each computer procured by CCC must	
	Service	Deliverables	include delivery to OIT related software	
			and drivers.	
18.	Utilities of	Vendor	Each computer procured by CCC must	
	Service	Deliverables	include delivery to OIT "Ready to Run"	
			units containing fully assembled and	
			installed internal and external components	
			specified for complete and proper operation	
			including, but not limited to all internal	
			interface cards, RAM, I/O ports, and	
10		X71	storage devices.	
19.	Utilities of	Vendor	OIT may provide a system image type	
	Service	Deliverables	appropriate for loading on all new PCs	
			provided by the vendor, including but not	
			limited to, appropriate network and product	
			configurations, by CCC location. Each image is to be loaded on equipment in such	
			a manner that an individual system	
			identification number is generated.	
	1		achuneaton number is generated.	

		- ·		
20.	Utilities of	Returns and	Each Proposer's proposal must adhere to	
	Service	Replacements	the following guidelines:	
			a) Supply an electronic copy of the	
			Proposer's procedures and policies for the	
			return of goods, including, but not limited	
			to, the process by which refunds shall be	
			credited to CCC.	
			b) Provide the hardware replacement policy	
			for each vendor whose goods are proposed.	
			c) Provide details about any trade-in/trade-	
			out discounts and/or incentives associated	
			with proposed goods.	
21.	Utilities of	Returns and	For hardware purchases, CCC reserves the	
	Service	Replacements	right to return any improperly configured,	
		-	incompatible or otherwise incorrect systems	
			within thirty (30) days, such that the	
			supplier shall incur shipping and insurance	
			costs related to said returns.	
22.	Utilities of	Returns and	Any desktop computer, laptop computer,	
	Service	Replacements	server, midrange computer, optional	
			upgrade component and/or other peripheral	
			device delivered to CCC that is found	
			"Dead on Arrival" (DOA) must be replaced	
			with a new operable unit that has the	
			originally identified specifications and by	
			no later than the next business day after	
			notification by CCC to the vendor.	
23.	Utilities of	Returns and	The vendor must bear all costs associated	
	Service	Replacements	with the return of the inoperable unit, as	
			well as delivery of the new unit to the	
			appropriate CCC location.	

ID #	Category	Sub-Category	Specifications	Y/N	Please provide details as appropriate:
1.	Installation	Set-up Service	Transfer equipment from delivery area to user's station/office		
2.	Installation	Set-up Service	Un-pack all equipment		
3.	Installation	Set-up Service	Set-up equipment on desktop per OIT and/or user's direction		
4.	Installation	Set-up Service	Connect system to printer(s)		
5.	Installation	Set-up Service	Connect system to network		
6.	Installation	Set-up Service	Test printing and network connection(s)		
7.	Installation	Set-up Service	Remove from CCC premises any and all discarded packaging materials.		
8.	Installation	Set-up Service	Place CCC asset tag and report asset number to Purchasing		
9.	Installation	Configuration Service	Identify and move all data files to designated network drive or OneDrive		
10.	Installation	Configuration Service	Perform new machine check (e.g., boot, check for errors, scan disk, connect to network, check peripherals)		
11.	Installation	Configuration Service	Transfer data to new system		
12.	Installation	Configuration Service	Reinstall all relevant applications including, but not limited to, Microsoft Office and email access		

13.	Installation	Configuration Service	Test Applications	
14.	Installation	Configuration Service	Images are to be installed in a manner that creates a unique System Identification Number	
15.	Installation	Configuration Service	Test printing (i.e., local and remote) and peripherals	
16.	Installation	Configuration Service	All new configurations are to be documented and provided to CCC.	
17.	Installation	Configuration Service	All new systems are to have unique System Identification Numbers.	
18.	Installation, Integration and Support Services	Configuration Service	Perform Upgrade to current version of Windows or other identified operating system	
19.	Installation, Integration and Support Services	Configuration Service	Should the proposed support services be provided by a party other than the Proposer, identify the service organization and provide a letter from said organization acknowledging and defining the proposed services. CCC reserves the right to vet and approve staff proposed.	
20.	Installation, Integration and Support Services	Configuration Service	CCC requires that all options be pre- configured, installed and tested before delivery	
21.	Installation, Integration and Support Services	Configuration Service	In addition to options provided by the manufacturer, CCC may order systems with third party options.	
22.	Installation, Integration and Support Services	Configuration Service	Hourly on-site installation of application software	

# **Technical Services and Support**

ID #	Category	Sub-Category Product	Specifications	Y/N	Please provide details as appropriate:
	Technical, Service and Sales Support	Service	Upon request by CCC management, and at no additional cost to CCC, provide on-site direct vendor sales support and on-site technical support to CCC in a space provided by the CCC's Office of Information Technology		
2.	Technical, Service and Sales Support	Service	Vendor will provide an on-site direct vendor sales support representative and the on-site technical support technician may be requested to be present for as many as two (2) days per month and four (4) days per month, respectively		
3.	Technical, Service and Sales Support	Service	On-site technical support technician is required to handle driver software and other printer related issues		
4.	Technical, Service and Sales Support	Service	Telephone support for CCC purchases will be required during standard business hours, five business days each week.		

	T			1	<b></b>
5.	Technical,	Service	OEM support and critical technical support may		
	Service and		also be required and should be provided to		
	Sales Support		specified equipment upon CCC management		
			request		
6.	Technical,	Service	Provide to CCC a monthly report formatted in		
	Service and		Microsoft Excel documenting sales, tabbed by		
	Sales Support		month, and totaling all expenditures by CCC		
			location for computers, printers, software and		
			related equipment.		
7.	Technical,	Service	Provide CCC a report documenting project		
	Service and		status, service level agreement adherence and		
	Sales Support		performance		
8.	Technical,	Service	Distribute report to the CCC OIT business		
	Service and		manager no later than the 5th of each month and		
	Sales Support		is to be approved by CCC OIT management.		
9.	Technical,	Service	Reports and status meetings may be escalated to		
	Service and		once a week should CCC OIT management		
	Sales Support		require		
10.	Technical,	Service	Provide report on contract performance and		
	Service and		document remediation measures if so required		
	Sales Support				
11.	Technical,	Service	Provide to CCC a minimum of one (1) dedicated		
	Service and		Account Representative and one (1) dedicated		
	Sales Support		Customer Service Representative, each of whom		
			will be located at the supplier's office and		
			responsible for handling CCC orders, such that		
			its requests, questions and concerns are		
			acknowledged within one (1) hour of		
			notification by CCC, and resolved within a		
			reasonable amount of time		
12.	Technical,	Service	Account Representative be made available at a		
	Service and		minimum between the hours of 8 AM and 10		
	Sales Support		PM Monday through Friday, and between the		
			hours of 8 AM and 4 PM on holidays and		
			weekends		
13.	Technical,	Service	Provide Supplemental Critical Support at CCC's		
	Service and		request to cover major events, critical meetings		
	Sales Support		and special needs.		
14.	Technical,	Statement of	Contracted vendor must agree to comply with all		
	Service and	Work requests	quoting and fulfillment restrictions and		
	Sales Support		directives that (1) may be issued by authorized		
			CCC personnel and (2) might include, but not be		
			limited to a directive for the selected vendor(s)

			for specific work.	
17.	Technical, Service and Sales Support	Asset tracking requirements	Vendor agree to comply with CCC delivery and asset tracking requirements including only materials for which a CCC Purchase Order has been issue should be fulfilled.	
18.	Technical, Service and Sales Support	Asset tracking requirements	Vendor agree to comply with CCC delivery and asset tracking requirements including all equipment deliveries are subject to inspection by CCC Receiving personnel.	
19.	Technical, Service and Sales Support	Asset tracking requirements	Vendor agree to comply with CCC delivery and asset tracking requirements including affixing a CCC asset tag to all materials being delivered and provide list of the materials being delivered to the purchaser in an Excel or .csv file, including: a. Product ID b. Serial number c. Unique System Identification Number d. Make e. Model # f. Campus/Location g. Classroom or Cube # (if known)	
20.	Technical, Service and Sales Support	Asset tracking requirements	Vendor agree to comply with CCC delivery and asset tracking requirements including providing documentation of removed equipment per CCC's direction.	

### **REVISED - EXHIBIT B** SOFTWARE, EQUIPMENT, AND MAINTENANCE

For all product and service requirements individually listed in the tables of Exhibit B, proposers are to provide the list of manufacturers providing offered products and/or services, indicate if warranty is available, and the percentage off discount on the MSRP for items listed in this Revised Exhibit B. This is not a comprehensive list of the software and/or equipment required. Please use the provided illustrated table format as shown in Exhibit C when submitting your price proposals.

Product details listed in the following tables in this exhibit are used to identify a minimum level of quality and acceptability. If you are bidding an alternate product(s), detailed specifications and product sheets are required in order for the alternative bid to be considered. City Colleges of Chicago will make final determination on quality.

### **Software**

CCC uses multiple desktop and server based applications based on need. The following software is listed indicating the current versions installed at CCC. CCC may request other software and/or future versions of the same. Descriptions are shown of the manufacturers indicated. They are used to identify a minimum level of quality, functionality and acceptability. If you are proposing an alternate product, detailed specifications and product sheets are required in order for the proposed alternate to be considered. CCC will make final determination. Vendor is to maintain license renewal information in a tracking database and process renewal with notification to CCC for all software purchased under this contract.

### **Computing and Infrastructure**

City Colleges of Chicago uses HP computers and peripherals in multiple form factors with varying processing power determined by the application. Only new, manufacturer provided equipment will be acceptable; no rebuilt or refurbished equipment will be accepted. The Proposer must be a VAR (Value Added Reseller) or Authorized Service Provider and be able to sell and service the current requested models upon which they bid, as well as future models designated by CCC. Pricing is to be based off the configurations noted with percentage off list prices for future models proposed to CCC and accepted by CCC management. Vendor is to maintain license renewal information in a tracking database and process renewal with notification to CCC for all software purchased under this contract.

Description is shown of the manufacturer indicated. They are used to identify a minimum level of quality and acceptability. If you are bidding an alternate product(s), detailed specifications and product sheets are required in order for the alternative bid to be considered. City Colleges of Chicago will make final determination on quality.

25.	Hardware	Router	Cisco ISR 4451 AX Bundle with APP and SEC license		
26.	Hardware	Power Supply	AC Power Supply for Cisco ISR		

### <u>Security</u>

CCC's Safety and Security Department is heavily reliant on technology equipment, software and services to keep our community safe. The Safety and Security Department uses specialized equipment, such as card readers, thermal printers, and Security Management System software to secure our physical environment and, because of the investment CCC has made in our video management system, proposing vendors must either be an existing authorized Milestone Systems reseller, or become an authorized reseller for Milestone Systems as a pre-requisite to being awarded a contract for the Security Equipment and Software component of this RFP.

Description is shown of the manufacturer indicated. They are used to identify a minimum level of quality and acceptability. If you are bidding an alternate product(s), detailed specifications and product sheets are required in order for the alternative bid to be considered. City Colleges of Chicago will make final determination on quality.

### Item No. 2 - Add - Exhibit C - Illustrative Cost Proposal

Proposers are required to complete and submit with all proposals for evaluation purposes.

## <u>EXHIBIT C</u> ILLUSTRATIVE COST PROPOSAL

Below is an illustrative list of categorized items that is typically requested of the awardee of this particular type of contract. Please use the provided illustrated table format as shown in when submitting your price proposals.

Computing	List/Catalog Cost	Cost Plus Discount %	Amount (Net Price)	Warranty Period in Years	Warranty Cost	Comments
Laptops - HP Elite 840 G5						
Tablets - Microsoft Surface Pro 6						
Desktops - HP Elite 800 G4						
Security	List/Catalog Cost	Cost Plus Discount %	Amount (Net Price)	Warranty Period in Years	Warranty Cost	Comments
Security Cameras - Axis camera						
Model 3367						
Honeywell Vista Zone Pad -						
128BPTSIA						
Milestone Software - Xprotect						
Infrastructure	List/Catalog Cost	Cost Plus Discount %	Amount (Net Price)	Warranty Period in Years	Warranty Cost	Comments
Cisco Nexus - N9K-C9504-B2						
Cisco ASR 1002-Xrouter						
HP Balde Server - HPE ProLiant						
BL460c						
Software	List/Catalog Cost	Cost Plus Discount %	Amount (Net Price)	Warranty Period in Years	Warranty Cost	Comments
1000 Zoom Licenses						
Adobe Acrobat Pro License						
Microsoft Visio Licenses
