Re: Request for MBE/WBE waiver for Laerdal Technical Sustainment Program

To Whom It May Concern:

Laerdal Medical has made a review of the potential WMBE partners for the above mentioned Laerdal Technical Sustainment Program

(<u>https://chicago.mwdbe.com/FrontEnd/VendorSearchPublic.asp?TN=chicago</u>) and could not identify a MWBE candidate that would serve as a commercially useful partner, as defined by the City of Chicago.

For further background, Laerdal simulators and equipment are technically sophisticated systems that require specially trained and equipped technicians having access to (otherwise unavailable) parts and components to carry out preventive maintenance and/or repair procedures, which also require specialized test and verification procedures. As a result, Laerdal Medical is the only entity available to provide preventative maintenance, repair, or other related services on Laerdal products.

Laerdal is committed to sourcing suppliers and partners from a diverse background, and where appropriate partnering with those organizations.

Please contact me with any questions,

James Baker
