

Announcement of a Sole Source Purchase

First published Friday, September 10, 2021

City Colleges of Chicago intends to award a contract to Persistence Plus to provide behavioral science-based nudging and professional development.

City Colleges has determined that this purchase is only economically available from this source because Persistence Plus will improve rates of retention and completion, provide dedicated support to students, and build the capacity of faculty and staff to develop and nurture trusting and support relationships with students. Malcolm X College anticipates this intervention serving as a blueprint for other City Colleges to adopt and implement. Persistence Plus LLC is a unique Artificial Intelligence (AI) provider that delivers proactive behavioral nudges to individual students, including personalized text messages that are continuous, cumulative (built upon prior responses), and designed by experts in behavioral science and college success designed to promote retention.
