CAE Healthcare Request for Waiver

CAE Healthcare is seeking a request for waiver from the City Colleges of Chicago's M/WBE Contract Participation Plan for the purchase of our patient simulators. The Apollo Patient Simulator and Juno Nursing Manikin to be purchased by City Colleges of Chicago are manufactured solely by CAE Healthcare. No other vendor is authorized to manufacture CAE Healthcare simulators and CAE Healthcare is unable to seek participation on the manufacturing of these simulators due to the proprietary design, development and engineering of our patient simulators.

For any questions or further clarification required please contact the undersigned.

Sincerely,

Grace Gagliano,
Proposal Specialist
