BOARD OF TRUSTEES OF COMMUNITY COLLEGE DISTRICT NO. 508
County of Cook and State of Illinois

**CERTIFIED NURSING ASSISTANT PROGRAM
WRIGHT COLLEGE**

THE CHANCELLOR

REPORTS

that Wright College has developed an agreement with Steinmetz JROTC Career Academy to jointly enroll students who have expressed an interest in a career in the Health Sciences; and

that 11 students enrolled in the CNA Program at Wright College. Ten students completed the program, passed the final examination, and received 2 high school credits. The pinning and graduation ceremony was held February 27, 1998 at the Wright College South Campus; and

that this initiative is an example of a joint effort between a Chicago Public High School and the City Colleges to afford students the opportunity to receive high school credit and take a program which offers them State certification and the ability to enter the work force in an area in which they have expressed an interest.

Respectfully submitted,

Wayne D. Watson
Chancellor
