BOARD OF TRUSTEES OF COMMUNITY COLLEGE DISTRICT NO. 508
County of Cook and State of Illinois

FINANCIAL AID SOFTWARE PURCHASE
[Pursuant to Section 9 of the CCC Ethics Policy]

In accordance with the District Ethics Policy, Section 9, full disclosure is to be made to the Board of Trustees of any purchase and/or contract between an employee of CCC.

Financial Aid Software: "Wonderful World of Financial Aid" (WWOFA)

Purchased from: Marko Technologies, Chicago [Mark Latusek, Truman College]

<u>Packages available:</u>	WWOFA Credit Hour 97-98 year	\$ 725.00
	WWOFA Credit Hour 98-99 year	1,450.00
	WWOFA Clock Hour 97-98 year	1,950.00
	WWOFA Clock Hour 98-99 year	1,450.00

Rationale: This software permits Financial Aid staff to quickly calculate a student's aid options and provides more efficient student services. This exclusive software performs student financial aid calculations, processes federal work study time sheets, checks class hours against work hours, and processes book vouchers. Colleges have requested to purchase this software to upgrade existing programs used at the Colleges. Staff members have determined that no comparable software is available to meet the needs of CCC Financial Aid offices.

Respectfully submitted:

Ronald J. Temple
Chancellor
