NATIONAL EXAM AND STUDENT EMPLOYMENT DATA
RADIOGRAPHY PROGRAM
WRIGHT COLLEGE

THE CHANCELLOR

REPORTS

that 100% of the 27 graduates of the Class of 1997 of the Radiography Program conducted by Wright College successfully completed the national certification examination administered by the American Registry of Radiologic Technologists, the nationally recognized certifying body for this allied health field of X-ray technology; the average student score was 85; and

that 100% of the graduates actively seeking employment have been offered positions. Some of the opportunities include positions with the College's major clinical affiliates such as Lutheran General Hospital, Illinois Masonic Center, Apollo MRI, as well as private offices and clinics.

Respectfully submitted:

Ronald J. Temple
