

20690

ADOPTED
BOARD OF TRUSTEES OF
COMMUNITY COLLEGE DISTRICT NO. 508

BOARD OF TRUSTEES OF COMMUNITY COLLEGE DISTRICT NO. 508
County of Cook and State of Illinois

JUN 4 • 1998

**COUNTY OF COOK
AND STATE OF ILLINOIS**

**ANTI-VIRUS SOFTWARE
ALL COLLEGES & CENTRAL ADMINISTRATION**

THE CHANCELLOR

REPORTS

that it is necessary to purchase software and technical services to provide District-wide anti-virus technology to protect all users: student computer labs, faculty PCS, College and remote site servers, and Central Administration staff, District desktop PCS, servers and internet access; and

that this anti-virus technology will allow College technical staff across the District to work unimpeded by viruses, work within a standardized product fully supported by this software, while allowing for compatibility with previously purchased products such as McAfee HelpDesk and the McAfee ZAC suite of network support products; and

that Network Associates, Oakbrook Terrace, (formerly McAfee Software) has proposed to supply the necessary software, "Total Virus Defense" and associated consulting services at a total cost of \$45,999.00, which reflects a discount of over 50% from the regular market price for this package; and the package will cover 5,000 users (nodes) for a 24-month period, including all updates, telephone/web support and professional implementation services; and Network Associates is the sole provider of this service and has provided the necessary sole source documentation.

THE CHANCELLOR

RECOMMENDS

that the Board of Trustees approves the issuance of a purchase order in the total amount of \$45,999.00 to Network Associates, OakBrook Terrace, Illinois, for the Total Virus Defense software and associated professional services as described above.

FINANCIAL

\$45,999.00 -- PBCC Fund

Respectfully submitted:

Wayne D. Watson
