INSTALLATION OF ANTENNA SIGNAL CONDUIT
OLIVE-HARVEY COLLEGE

THE CHANCELLOR

REPORTS

that there is a need to provide Olive-Harvey College with the necessary 2" conduit to run from the building's basement to the penthouse; and that the conduit will allow Ameritech to provide the College with needed DS3 service; and that Ameritech will credit the District for the cost of the installation; and staff has contacted several firms regarding this work and received the following quotations:

VENDOR	QUOTATION
Wigdahl Electric Elk Grove Village, Illinois	\$ 6,833.00
Windy City Electric Co. (WBE) Harwood Heights, Illinois	\$18,000.00
Arc Electric Co. Chicago	\$18,318.57
United Cabling Systems Glenview, Illinois	\$19,194.21

that the low quote from Wigdahl Electric is recommended; and this project is exempt from competitive bid requirements.

THE CHANCELLOR

RECOMMENDS

that the Board of Trustees approves the issuance of a purchase order in the total amount of \$6,833.00 to Wigdahl Electric, Elk Grove Village, Illinois, to complete the conduit installation work at Olive-Harvey College.
