PHARMACY TECHNOLOGY PROGRAM
OLIVE-HARVEY COLLEGE

THE CHANCELLOR

REPORTS

that Olive-Harvey College's Pharmacy Technician Program has recently established a beneficial employment relationship with Walgreens Drug Store. The retail chain has requested the opportunity to regularly speak to the students in an effort to recruit and hire newly trained Pharmacy Technicians. Similar employment relationships have already been established with Osco Drug Stores and both have produced outstanding employment results for the students in that program.

Respectfully submitted,

Wayne D. Watson
