BOARD OF TRUSTEES OF COMMUNITY COLLEGE DISTRICT NO. 508
County of Cook and State of Illinois

NATIONAL YOUTH SUMMER SPORTS PROGRAM
DALEY COLLEGE

THE CHANCELLOR

REPORTS

that for the 13th year, Daley College is again hosting the National Youth Summer Sports Program in cooperation with the National Collegiate Athletic Association and the Mayor's Office; and

that the Daley program targets economically disadvantaged young men and women ages 10 through 16 from the Back of the Yards, Little Village, Pilsen, and West Lawn areas with a variety of structured activities, including certified sports instruction, physical fitness, individual and group competition, and leadership training; and that the program also includes units on career and educational opportunities, substance abuse, AIDS, citizenship, community involvement, nutrition, and personal hygiene; and that participants receive a USDA-approved breakfast and lunch, accident insurance, and other benefits; and that these activities are combined in a highly enjoyable and educational program; and

that the program set a goal of 360 enrollments but actually enrolled 407, reflecting the excellent reputation the program has enjoyed in the neighborhoods served by the College.

Respectfully submitted,

Wayne D. Watson
Chancellor
