CONSTRUCTION SIGNALMEN TRAINING
TRUMAN COLLEGE

THE CHANCELLOR

REPORTS

that the College Financial Aid Office recently teamed with the Chicago Commission on Human Relations and the Springfield Urban League to offer training for signalmen on road construction crews; and

that the workshop was attended by 35 people and led by Urban League Project Director Irvin G. Jackson, and Field Representative Reginald J. Johnson; and

that Delores Withers, staff in the Financial Aid Office, coordinated the event for the College, working with Rochelle Crump of the Human Relations Commission's Advisory Council on Veteran's Affairs and a Truman College alumna; and

that the attendees included people who were desperately seeking work, those who were looking for a better job, veterans and non-veterans.

Respectfully submitted:

Wayne D. Watson
Chancellor
