**PLAYGROUND BRIDGES - LADDERS - TUNNELS  
TRUMAN COLLEGE**

**THE CHANCELLOR**

**REPORTS**

that Truman College's youngest tenants will soon be climbing over and through a new set of playground equipment; and

that the College was selected to receive this corporate-sponsored equipment to replace the old wooden playground; and

that CNA Insurance is the funding agency, and the overall project will be coordinated by KaBoom, a Chicago nonprofit organization that helps educational and community institutions with funding, developing and erecting new playground equipment; and

that the College will raise approximately \$10,000.00 in matching funds to recruit approximately 150 volunteers to actually bolt together the slides, ladders and platforms; and that this work is planned for Saturday, August 28.

Respectfully submitted,

Wayne D. Watson  
Chancellor
