BOARD OF TRUSTEES OF COMMUNITY COLLEGE DISTRICT NO. 508
County of Cook and State of Illinois

NCA RE-ACCREDITATION
TRUMAN COLLEGE

THE CHANCELLOR

REPORTS

that Truman College has been re-accredited by the North Central Association for a full 10 years; and

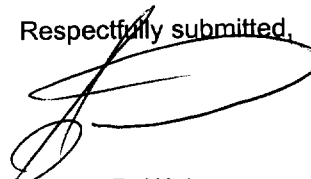

that though the College has work to do in several major areas, including assessment and planning, the NCA consultant/evaluators were very impressed with the College's integrity and the ability and dedication of its faculty and staff, as well as the thoroughness and honesty of its self-study; and

that nearly 100 faculty and staff members, led by committee chairmen, worked together for more than a year to produce the self-study, which was coordinated by English teacher John Mintier; and

that nothing the NCA consultant/evaluators turned up during their visit November 1-3, 1999, particularly the opportunities for improvement, came as a surprise to the College's administration; and

that those opportunities for improvement are already being addressed in preparation for a written report on planning due in 2002 and a report and a focus visit on assessment due in 2001 and 2003 respectively.

Respectfully submitted,

Wayne D. Watson
Chancellor

December 2, 1999
