BOARD OF TRUSTEES OF COMMUNITY COLLEGE DISTRICT NO. 508
County of Cook and State of Illinois

FALL FESTIVAL
WEST SIDE TECHNICAL INSTITUTE
DALEY COLLEGE

THE CHANCELLOR

REPORTS

that the Board of Trustees appointed Dr. Antonio Lopez as Acting Dean of the West Side Technical Institute to provide leadership and management during the search for a permanent dean; and that one of his first initiatives has been to organize a Fall Festival to attract increased public interest and attention to the Institute, its programs, ~~and~~ ^{and} facilities, to develop enrollment; and

that this Festival was held on Saturday, August 14, and that groups represented in 28 booths included;

Alivio Medical Center	LaFontuna Imports
Avon Products	LuLac
CANAC	Metra
Casa Aztlan	Mexico Lindo
CPS Engineers	National Council of LaRaza
Decima Musa	Northstar Productions
18th Street Development Corp.	Pablo's Cafe
Eurest Dining Services	United Farm Workers
International Union of Operating Engineers	United Parcel Service
Job Corps.	

that the festival drew several hundred people from communities served by the Institute, including many who received literature and information about programs at the Institute and at Daley College; and

that the event was covered by local media, including radio station UNICA 950 AM, which conducted interviews with Dean Lopez, students and other staff members; and that this kind of outreach is an excellent way to increase enrollment in Institute programs and to develop the Institute as the major training unit serving Chicago's Southwest Side.

Respectfully submitted,

Wayne D. Watson
Chancellor
