**KENNEDY-KING COLLEGE CONTINUING EDUCATION C.N.A. PROGRAM TRIPLES  
SUMMER ENROLLMENTS**

**CHANCELLOR**

**REPORTS** that summer 2000 enrollment rates for the Continuing Education C.N.A. program are more than triple last year's summer enrollment levels. Summer 2000 enrollments increased from 36 registrants last year to 110 this year.

that Kathryn Ward, Dean of Continuing Education says the increase reflects two things, "It's attributable to our expanded marketing effort to areas that traditionally were un-tapped. It also means current students and graduates are spreading the word that we have an excellent program."

that the expanded marketing effort included greater saturation of course catalogues and program information in areas north and east of the Kennedy-King College immediate service area.
