FCCCC President's Address
CCC Board of Trustees Meeting
Thursday, October 5, 2000

RECEIVED & PLACED
ON FILE

OCT 5 - 2000

- Chairman Tyree, members of the Board, Chancellor Watson, Officers of the District, faculty, staff, and all others present: Good morning.
- It's a pleasure to welcome you again to Kennedy-King College, my home campus.
- Because of a conflict with schedules, FCCCC and the Office of Academic Affairs did not meet this month. However, members of the faculty did participate in one of the CCC web site focus groups. We met last Wednesday afternoon. The discussion was lively and productive. Hopefully these focus groups will help to make a good web site even better. The faculty look forward to seeing the results of these focus groups.
- This month both Faculty Council City Colleges of Chicago and Committee A were back in full swing. At the Committee A meeting, Professor Jack Lombard (HW) was again elected Chairman and Professor Elia Lopez was elected secretary. We are hoping to continue on the road to a very productive and involved year which will result in positive accomplishments.
- This concludes my report.

Respectfully submitted,

Barbara G. Washington
FCCCC President
