BOARD OF TRUSTEES OF COMMUNITY COLLEGE DISTRICT NO. 508
County of Cook and State of Illinois

ELECTRICAL ENGINEERING SERVICES - ADDITIONAL COSTS
ELECTRICAL SYSTEMS ASSESSMENT
ALL COLLEGES

[Amend Board Report #22924 dated 11/1/02]

THE CHANCELLOR

REPORTS that in Board Report #22924 dated 11/1/01, the Board of Trustees awarded the electrical engineering services for District-wide electrical systems assessment to Environmental Systems Design, Inc. (ESD) in the amount of \$685,000; and

that it is necessary to perform additional work that was not part of the contract with ESD consisting of installing meters and record electrical loads on 14 switchboards at Daley College and Dawson Technical Institute; and

that metering work was identified in Environmental Systems Design's proposal as additional work to be performed at unit cost of \$750 per meter; and

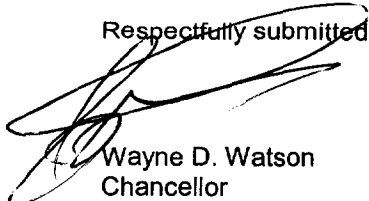

that District Office staff have determined that this metering work is needed to facilitate the assessment at both sites.

THE CHANCELLOR

RECOMMENDS that the Board of Trustees approve the issuance of a purchase order in the amount of \$10,500 to Environmental Systems Design, Inc., Chicago, for additional work to install meters and record loads of 14 service switchboards at Daley College and Dawson Technical Institute.

FINANCIAL \$10,500 – 1999 General Obligation Bond

Respectfully submitted:

Wayne D. Watson
Chancellor
