NYSP WINS HIGH MARKS FROM PARENTS AND NATIONAL OFFICE
TRUMAN COLLEGE

THE CHANCELLOR

REPORTS that Truman College received high marks from both parents and national overseers for the National Youth Sports Program (NYSP) offered for more than 15 summers at the college; and

that NYSP provides free sports, enrichment and drug and alcohol abuse prevention programs to children ages 10 to 16, more than 90 percent of whom come from low-income families; and

that representatives from the organization's national office were impressed with how hard the staff worked, how well they functioned as a team and with the high level of support from the Truman administration; and

that parents have let Truman NYSP staff know how impressed they are with the program and how happy their children are with the activities.

Respectfully submitted,

Wayne D. Watson
Chancellor
