

BOARD OF TRUSTEES OF COMMUNITY COLLEGE DISTRICT 508
County of Cook and State of Illinois

STRATEGIC PLANNING PRESENTED AT ICCCA CONFERENCE
TRUMAN COLLEGE

THE CHANCELLOR

REPORTS that Truman College Vice President Dr. Marguerite Boyd, Assistant Dean for Instructional Technology Joy Walker and former Assistant Dean for Research and Planning Dr. Janel Hastings presented a new database-driven model for strategic planning at the Illinois Council of Community College Administrators (ICCCA) conference in Springfield, IL Nov. 15-17; and

that the administrators have been invited to make the presentation at the Tech Ed Conference March 24-26 in Ontario, CA; and

that the new strategic planning model relies on a computer database similar to those that have already created or improved dozens of functions at Truman College, including online applications and web-based class schedules, catalogs, and course materials.

Respectfully submitted,

Wayne D. Watson
Chancellor
