BOARD OF TRUSTEES OF COMMUNITY COLLEGE DISTRICT NO. 508
COUNTY OF COOK AND STATE OF ILLINOIS

HAROLD WASHINGTON COLLEGE
CONDUCTS ITS 1ST ANNUAL
SCIENCE AND PREMED DAY

THE CHANCELLOR

REPORTS

That the Recruitment Committee and the Science Faculty of Harold Washington College successfully conducted its First Annual Science and PreMed Day on Friday, November 15, 2002.

That juniors and seniors interested in science or healthcare careers from four CPS high schools participated in a series interactive science presentations, encouraging them to further consider and pursue careers in the sciences.

That the counselors accompanying these future science professionals spent the day engaged in informative Q & A sessions with representatives from HWC's Admissions Office, Transfer Center, Financial Aid Office, and the Office of Student Services to further enlighten them about the College.

That this event served as viable recruitment and community relations vehicle through which HWC seeks to continue to build relationships and increase enrollments.

Respectfully submitted,

Nancy C. DeSombre
President

Wayne D. Watson, Ph.D.
Chancellor
