MATH CARNIVAL IS A SUCCESS  
TRUMAN COLLEGE

THE CHANCELLOR

REPORTS that the Truman College GEAR-UP program recently sponsored a successful "Math Carnival" for students enrolled at Arai Middle School and Senn High School and their families; and

that the carnival included games and projects designed to demonstrate to students and their parents innovative math activities they can do together at home; and

that 50 people were expected and more than 100 participated; and

that GEAR-UP (Gaining Early Awareness and Readiness for Undergraduate Programs) is a federally funded program in which Truman College and community partners "adopt" students at Arai and Senn and provide them, their teachers and their parents with programming and support services designed to increase the students' college-going rate.

Respectfully submitted,

Wayne D. Watson  
Chancellor
