AUTOMOTIVE TECHNOLOGY EARNS TOP CERTIFICATION
TRUMAN COLLEGE

THE CHANCELLOR

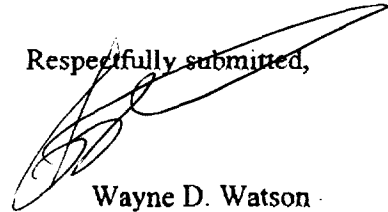

REPORTS that Truman College's Automotive Technology program recently earned a Master Certification from the National Automotive Technicians Education Foundation (NATEF) and the National Institute for Automotive Service Excellence (ASE); and

that the certification is the highest recognized by ASE, a national nonprofit organization that tests and certifies repair technicians and technician training programs; and

that to earn it, the Truman program underwent a rigorous evaluation of its instructors, facilities and equipment; and

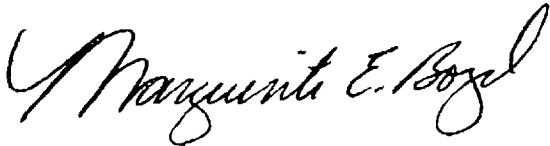

that "we worked closely with NATEF to make certain our program would meet strict industry standards," said instructor Harold Santamaria. "We're delighted to join the ranks of ASE certified technician training programs. Students will be assured of a quality education and shop owners will be assured of getting quality job applicants."

Respectfully submitted,

Wayne D. Watson

Chancellor
