

BOARD OF TRUSTEES OF COMMUNITY COLLEGE DISTRICT NO. 508
County of Cook and State of Illinois

PRINTING OF 2002-2004 COLLEGE CATALOGS
ALLCOLLEGES

THE CHANCELLOR

REPORTS that the college catalogs for the academic years 2002-2004 are being prepared and must be printed for distribution for the fall semester; and

that specifications were prepared by Central Office staff, and publicly advertised as required by law; these specifications are for the printing of the catalogs for the initial three year period (2002-2004) and also include an option to renew with the successful vendor for an additional two years subject to Board approval; the specifications were sent to 12 firms and the following responsive bids were received:

VENDORS	TOTAL BID PRICE
Von Hoffmann Corporation St. Louis, MO	\$ 230,748.00
Fidelity Print Broadway, IL	\$ 333,916.00

that two additional vendors submitted bids that did not meet specifications and had poor references and were therefore deemed non-responsive; and

that District Office staff evaluated the submitted samples and references and are satisfied with work performance from the lowest responsive and responsible bidder, Von Hoffmann Corporation; and

that Von Hoffmann Corporation is in compliance with the District's MBE/WBE requirements.

RECOMMENDS that the Board of Trustees approve the issuance of purchase orders to Von Hoffmann Corporation in the total amount of \$ 230,748.00, for the printing of College Catalogs for Years 2002-2004 in accordance with Sealed Bid Number IW0201 dated March 4, 2002.

FINANCIAL \$ 230,748.00--Educational Fund

Respectfully Submitted:

Wayne D. Watson

Dear Chancellor Watson:

Please find enclosed an executed copy of the Dual Admissions Agreement between Alcorn State University and the City Colleges of Chicago. I will not be able to attend the May 2, 2002 signing ceremony, but my signature represents my unfaltering commitment to academic excellence between the two institutions.

We look forward to the implementation of this Agreement and a seamless flow of students from the City Colleges of Chicago to Alcorn State University.

Sincerely,

Clinton Bristow, Jr.
President

Enclosure

DUAL ADMISSIONS AGREEMENT

between

CITY COLLEGES OF CHICAGO

and

ALCORN STATE UNIVERSITY

Students who meet the admissions requirements for Alcorn State University and who formally request dual admissions will be simultaneously admitted to one of the City Colleges of Chicago and Alcorn State University. Dual admissions are available to City Colleges of Chicago (CCC) students planning to complete their baccalaureate degrees at Alcorn State University (ASU).

Students will submit applications for admission, along with required documents, to both one of the City Colleges of Chicago and Alcorn State University. Each institution will separately review the applications and required academic credentials. Students will be notified of admission decisions by each institution. The City College of choice will notify ASU of acceptance or denial of student applications. Students will be subject to the admissions requirements of the Alcorn State University's department(s) and programs(s) in which they choose to major or minor. Specific admissions requirements for ASU departments and programs will be provided to CCC students in the dual admissions program. Currently enrolled students at CCC may be eligible for dual admissions. Admission to Alcorn State University does not guarantee admission to a specific program.

A designated Alcorn State University admissions representative will work with City Colleges of Chicago counselors and students to facilitate the initial process which includes the linkage with the Alcorn State University department of the student's intended major and the transition from the City Colleges of Chicago to Alcorn State University. The designated Alcorn State University representative will facilitate early financial aid planning, including consideration for scholarship opportunities for which the student may apply and be eligible.

Academic program requirements for dual admissions will be governed by the Alcorn State University and the City College of choice undergraduate catalogs in effect at the time of admission to the dual admissions program. Students admitted under the Dual Admissions Agreement are required to maintain continuous full-time or part-time enrollment. A student will have junior standing at Alcorn State University upon completion of the A.A. or A.S. degree in approved programs at CCC and will have met ASU's general education core requirements. Specific programs will have additional requirements that may be satisfied either at CCC or ASU.

Students remain eligible for the dual admissions program as long as satisfactory progress (cumulative 2.0 GPA) is maintained at CCC. Since specific ASU programs, such as Elementary Education and Early Childhood Education, require a 2.5 GPA for admission, CCC students are encouraged to maintain a 2.5 GPA. They must maintain a minimum "C" average in all general

education core courses, and must receive a grade of "C" or better in all professional courses. Upon enrollment at ASU, good academic standing (cumulative 2.0 GPA) will also be required. The student should be able to complete the baccalaureate degree within the minimum number of terms required for the chosen major, providing the prescribed program has been followed.

A general information brochure describing the admissions process, policies, procedure, and any other relevant information will be developed jointly by Alcorn State University and City Colleges of Chicago.

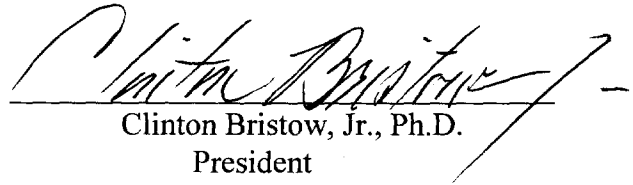

City Colleges of Chicago will develop a special follow-up form for students enrolled under the dual admissions program so that data can be collected for the Workforce Investment Act and performance based funding; both initial and enrollment follow-up data from both institutions will be shared.

This agreement will commence when signed and continue until canceled, with at least one-year notice, by either party, or until canceled by mutual agreement. In the event of cancellation, no additional students will be jointly admitted. Any students already jointly admitted will continue with the privileges specified under this agreement as they continue to make academic progress toward the baccalaureate degree, maintaining academic standards as provided in this agreement.
