BREAKFAST FOR HIGH SCHOOL SENIORS
MALCOLM X COLLEGE

THE CHANCELLOR

REPORTS that Malcolm X College was proud to hosts a very successful breakfast and informational meeting, where approximately 50 graduating seniors from two alternative high schools associated with Community Based Organizations surrounding Malcolm X College were in attendance. Several department heads and representatives from various academic programs were present and provided the students with information in their respective areas of concentration; and

that by being sensitive to the educational needs of the graduating seniors from its surrounding communities by making them feel welcome, several completed voter registration forms were collected. In addition, approximately 90% of the students in attendance expressed an interest in attending Malcolm X College by completing and turning in admission applications.

that by reaching out to graduating seniors from traditionally under represented and under served communities that Malcolm X College is helping prepare future generations to overcome certain social ills and thereby assisting in providing the means to the various CBOs to further empower its various state holders.

Respectfully submitted,
