

Board of Trustees of Community College District 508  
County of Cook and State of Illinois

**SUCCESSFUL BREAKFAST MEETING FOR CBOs  
MALCOLM X COLLEGE**

**THE CHANCELLOR**

**REPORTS** that Malcolm X College was proud to host a very successful multi-ethnic breakfast, where approximately 50 people were in attendance. Several Community Based Organizations from the various ethnic communities surrounding the Malcolm X College area were represented. President Zerrie Campbell, Vice President Ghingo Brooks, and other Malcolm X College administrators were also present to listen to the needs of the CBOs from the communities surrounding Malcolm X College; and

that while Malcolm X College has taken pride as being at the forefront of providing excellent Health Care programs to the residents of the City of Chicago at large, this initiative further promotes the College's mission of success through education by reaching out to the various Community Based Organizations, representing a cross section of its constituents, and offering to initiate partnerships to further address the educational needs of its surrounding communities, especially those catering to the needs of children, teenagers, and young adults; and

that by being sensitive to the needs of its surrounding communities, Malcolm X College is helping prepare future generations to overcome certain social ills and thereby assisting in providing the means to the various CBOs to further empower its various stake holders.

Approved:

  
Zerrie D. Campbell  
College President

Respectfully submitted,

Wayne D. Watson  
Chancellor
