**BOARD OF TRUSTEES OF COMMUNITY COLLEGE DISTRICT NO. 508
County of Cook and State of Illinois**

**MALCOLM X COLLEGE ADULT EDUCATION PROGRAM
URBAN ENCOUNTER VOLUNTEER PROGRAM**

THE CHANCELLOR

REPORTS that a group of six college students from Grace College in northern Indiana and eight college students from the Master's College in southern California volunteered at Malcolm X College in the ESL program. The students participated through Urban Encounter, a faith-based community service organization which connects people who want to serve with opportunities to serve. Four classes, from beginning through advance ESL, were selected to work with the college students in activities such as English tutoring, assisting with classroom activities and in providing the opportunity for the ESL students to practice their English skills in small group conversational settings. The program began in the spring term and continued through the summer and fall terms. Also, the students volunteered in the Adult Education graduation as well as other student activities.

Respectfully submitted,

Wayne D. Watson
Chancellor
