HAROLD WASHINGTON COLLEGE**

**THE CHANCELLOR**

**REPORTS** that in the spirit of building successful partnerships in the community, Harold Washington College's collaboration with the Chicago Area Project, a youth service agency, is a primary example of best practice. The Chicago Area Project has designed, taught and evaluated the first certificate program for the development of youth practitioners in this country.

Dr. Sammie Dortch, Chair of Applied Science and Dr. Stacy D. Saxon, Interim Dean of Public Agency and Special Programs participated in the Chicago Area Project graduation ceremony on January 13, 2005, at Spertus College. One hundred twenty two Chicago Area Project participants received certificates. The ceremony was filmed by Chicago Area Network Television.

Respectfully submitted,

Wayne D. Watson  
Chancellor
