**BOARD OF TRUSTEES OF COMMUNITY COLLEGE DISTRICT NO. 508
County of Cook and State of Illinois**

**MATH BRIDGE WINS ICCB LEARNING-CENTERED INSTRUCTION AWARD
TRUMAN COLLEGE**

THE CHANCELLOR

REPORTS that Truman College's GED/Credit Math Bridge Project has won the Illinois Community College Board's 2006 ICCB Award for Excellence in Learning-Centered Instruction; and

that this is the second time in two years Truman has won the award, having received the 2004 award for the Transitional Bilingual Learning Community (TBLC); and

that the Math Bridge allows GED and Credit math faculty to create coordinated math instruction making it more likely that college bound GED students will transfer successfully to the credit program; and

that credit math instructors Kathy Hall, Helen Valdez, Jane Dellsy, and Sheila McNicholas, and adult educators Tracy Kurowski, Jim Wiggins, and Fabronio Zatarain collaborated on the project.

Respectfully submitted,

Wayne D. Watson
Chancellor
