that the educators met with President John Wozniak and Vice President Cecilia Lopez to discuss assessment, Interim Dean of Instruction Anna Blum to discuss the non-tenure evaluation process, Dean Brandon Taylor and his team addressed questions surrounding CDL classes, and Office of Vocational Training Director Patricia Cuevas and Special Needs Coordinator Debbie Miles explained how their departments support the Harold Washington College special needs students, and

that the entire group of visitors visited a variety of classes and met with students and faculty. The exchange of ideas and processes were constant and the visit was very fruitful.
