BOARD OF TRUSTEES OF COMMUNITY COLLEGE DISTRICT NO. 508  
County of Cook and State of Illinois

COLLEGE OFFERS STEM CELL LECTURES  
TRUMAN COLLEGE

THE CHANCELLOR

**REPORTS** that Dr. John Andy Wasserstrom of Northwestern University's Department of Medicine, Division of Cardiology, lectured on stem cell research to treat cardiac disease October 24; and

that Dr. Bulent Aydogan, assistant professor of Radiation and Cellular Oncology at the University of Chicago, and Dr. Ismail Acar, visiting professor on Christian-Muslim Relations at the Lutheran School of Theology at Chicago, will present *Islamic Ethics and Stem Cell Research* November 9; and

that both lectures were organized by Truman's Biology and Biotechnology Department.

Respectfully submitted,

Wayne D. Watson  
Chancellor

November 3, 2005
