BOARD OF TRUSTEES OF COMMUNITY COLLEGE DISTRICT NO. 508
County of Cook and State of Illinois

FORGING PARTNERSHIPS WITH MEXICAN UNIVERSITY
TRUMAN COLLEGE

THE CHANCELLOR

REPORTS that on November 13, Truman biology instructor Francisco Diaz De Leon, Assistant Dean of Instruction Nadia Swerdlow, CCC Associate Vice Chancellor Jose Aybar, and Truman Business and Industry Services Director Norman Ruano will visit the Mexico City campus of Alliant University; and

that Alliant is interested in forming partnerships with U.S. community colleges, including 2+2 agreements, mutual study abroad agreements, workforce development agreements, and industry liaison development; and

that Alliant caters to many international students and would be a potentially desirable alternative for those attending community colleges who want to transfer to a four-year program; and

that Truman has also proposed that Alliant graduate students in business and industry might intern at Truman through the Business and Industry Services programs.

Respectfully submitted,

Wayne D. Watson
Chancellor

November 3, 2005
