

Summarization of the September 6, 2005
Academic and Student Services Committee Meeting Minutes

The Board Committee on Academic and Student Services met on Tuesday, September 6, 2005, to hear staff reports.

Staff Reports:

WYCC Update Maria Moore, General Manager of WYCC reported to assist with encouraging enrollment, WYCC conducted live simulcasts with WVON radio at HWC and MXC and has devoted priority airtime for promos about the value of City Colleges.

The station also assisted with communications about the plan for hurricane stranded students through promos on TV and radio as well as through their booth at the African Arts Festival.

WYCC will participate in a nationwide broadcast campaign to raise funds for hurricane relief on Friday.

Office of Development Update Michael Mutz, Vice Chancellor reported that during the month of August, the City Colleges of Chicago Foundation received \$60,000 from the Daniel M. Kerrane, Jr. Foundation to fund student scholarships and anticipate the receipt of \$10,000 from John C. & Louise Jadel in the next couple of weeks, also for scholarships.

Credit Enrollment Deidra Lewis, Vice Chancellor reported we are down slightly in comparison to last year in our credit, Adult Education and Vocational programs across the district.

Hurricane Katrina Vice Chancellor Lewis reported the City Colleges of Chicago was the first institution to open its doors to students displaced by Hurricane Katrina. Approximately 45 students have responded to date and 4 have enrolled. We expect we will be hearing from more students this week.

It was noted that Chancellor Watson's initiative to provide educational opportunities for those persons displaced by Katrina has received national acclaim and others institutions are following his lead. Representatives from the Governor's office and the City Colleges of Chicago will be waiting at the airport and other locations to provide assistance to the displaced families.
