BOARD OF TRUSTEES OF COMMUNITY COLLEGE DISTRICT NO. 508  
County of Cook and State of Illinois

CAREER DEVELOPMENT MONTH  
WRIGHT COLLEGE

THE CHANCELLOR

REPORTS

that the Wilbur Wright College Career Programs Office sponsored its fifth annual Career Development Month in February 2006.

that a specific occupational group was focused on weekly: Education, Health and Human Services, and Math and Science. Speakers, an information table, and presentations were scheduled to deliver general job search & specific career development information as well as college program information, labor market information, and employment opportunities. Weekly mini college fairs conducted by Job Placement were a big success, as well as visits from local college and university transfer institutions. Our advisors conducted Career Workshops and introduced advising sessions to assist students in finding out about degree requirements, determining how their degrees can be used, and delving into transfer institutions as they relate to specific degree programs. Several departments presented information about their programs and students associations used this as a platform to expose other students to their organizations; and

that we were excited to welcome Rebecca Miller, Intelligence Analyst for the FBI as she discussed *National Security Awareness: The Higher Education Connection* with administrators, faculty, and staff. All events were well attended and offered invaluable information to our students for academic achievement and employment.

Respectfully submitted,

Wayne D. Watson  
Chancellor
