**THE CHANCELLOR**

**REPORTS** that Harold Washington College desires to renew a license agreement with Elluminate Live, (provider of a Web conferencing and eLearning solution that allows multiple parties to talk, share electronic whiteboards, share computer applications, and other live online teaching, learning and collaborative activities, in a secure online environment) which is based on CDL's Quality Review's recommendations, that will help improve web-based support services for registration, advising, orientation, tutoring, training and professional development. Elluminate Live will also facilitate integrating new software into Blackboard Learning Systems to allow for more robust instructional technology in CDL courses which is an objective from the CCC Tactical Plan; and

that an Agreement is to be negotiated with Elluminate for the period, beginning May 6, 2006 and ending September 7, 2007 and;

that the Office of M/WBE Contract Compliance has reviewed the above referenced license agreement renewal and has determined that there are no subcontracting opportunities for certified MBE or WBE vendors, therefore, it is recommended that a waiver from compliance with the Board approved Participation Plan be granted.
