**DEEPLY ROOTED DANCE THEATER  
PERFORMS AT  
OLIVE-HARVEY COLLEGE**

**THE CHANCELLOR**

**REPORTS**

that Olive-Harvey College has begun a major initiative to promote the arts, beginning with a workshop and performance of Deeply Rooted Dance Theater, the professional dance ensemble of Deeply Rooted Productions, on October 18-19, 2006; and

that an overflowing audience attended the performance held in the Bruce Cherry Theater. Members of the audience were fascinated by the fast paced, intimate presentations of the artists, and applauded warmly. The themes performed by the artists covered social issues including IV/AIDS. The performance concluded with an interactive dialogue with the performers and the audience. Deeply Rooted Productions' mission is to share with the public its philosophy and understanding of dance and its profound effect in cultivating human potential.

**Respectfully submitted,**
