IBM CONTROLLER SOFTWARE LICENSE RENEWAL
OFFICE OF INFORMATION TECHNOLOGY
DISTRICT OFFICE

THE CHANCELLOR

REPORTS

that in Board Report # 27427, dated June 8, 2006 the Board approved the purchase of a IBM Model 3705 controller software license for the period of July 1, 2006 through June 30, 2007; and

that the IBM Model 3705 controller provides communications between the District Office and the Acxiom mainframe located in Oak Brook and that the operation of the IBM controller requires the renewal of an annual software license through IBM at a total cost of \$17,608.00 for the period of July 1, 2007 through June 30, 2008; and

that the purchase of software is exempt from the District's competitive bidding requirements; and

that the expenditure for these services is funded through the Office of Information Technology FY08 Operational budget; and

that the Office of M/WBE Contract Compliance has reviewed the above referenced license renewal and has determined that since this purchase is a continuation of a previously approved license, it is recommended that a waiver from compliance with the Board approved Participation Plan be granted.

that the Board of Trustees approves the renewal of the software license with IBM for the IBM model 3705 controller in the total amount of \$17,608.00, from July 1, 2007 through June 30, 2008.
