

**Board of Trustees of Community College District 508
County of Cook and State of Illinois**

**MALCOLM X COLLEGE
STATE OF THE DISTRICT TOWN HALL MEETING**

THE CHANCELLOR

- REPORTS** that on Friday September 14, and Saturday September 15, 2007, Congressman Danny K. Davis of the 7th Congressional District hosted his 8th annual State of the District Town Hall Meeting at Malcolm X College. The two day event included a housing fair with 25 vendors, panel discussions, public forums and a public sector job fair. The resource fair included a health care component, which assisted in addressing some concerns about public health care and free health screenings; and
- FURTHER** that the overall attendance for the weekend event was over 2,500 participants. There were 138 vendors with a varied display of goods and services for the public's information. Congressman Davis was very well pleased with the turn out and the large number of participants who attended the two day event; and
- FURTHER** that Malcolm X College was the appropriate place for this event, because of the community commitment that is prevalent by the college's mission and commitment to community affairs. The Congressman and his staff were very complimentary about the College and the support from administration and staff of Malcolm X College. I am sure the 9th annual event will have the same success and there is no doubt Malcolm X College will be asked again to repeat this year's successful event.

Respectfully submitted,

Wayne D. Watson
Chancellor
