

BORAD OF TRUSTEES OF COMMUNITY COLLEGES DISTRICT NO. 508
County of Cook and State of Illinois

BLOOD DRIVE
DISTRICT OFFICE/OFFICE OF ACADEMIC AFFAIRS

THE CHANCELLOR

REPORTS that on October 7 the District Office, Office of Academic Affairs, in partnership with LifeSource, held the Fall 2006 blood/marrow drive; and

that through the City College of Chicago donors the LifeSource vision of "Providing all Chicagoans with a safe and adequate blood supply by joyfully linking those who need with those who give" was able to be carried out; and

that of the 30 people registered to donate blood, 19 people were able to donate. Of those 19 people two were on ALXY (System for specifically collecting red blood cells) which contributes two units of blood per person. Overall 21 units of blood were collected which will touch the lives of 55 Chicagoans; and

that an additional 20 people registered for the National Marrow Registry which attempts to locate a marrow match for the over 30,000 people diagnosed with life-threatening blood diseases each year; and

that we give special thanks to LifeSource for the services provided, and Deno's Catering for the generous donation of refreshments.

Respectfully submitted,

Wayne D. Watson
Chancellor
