BRAILLE TEXT BOOKS
HAROLD WASHINGTON COLLEGE

THE CHANCELLOR

REPORTS

that the staff of Harold Washington College's Disability Access Center, Niki Radford, Director, Seneca Porter, Project Leader, Peter Bernardini, Project Leader, and Jessie Douglas in three months converted the text graphics into Braille as well as using an embosser to add the pictures, and;

that what this means is that one of Harold Washington College's visually impaired students who use Braille now has full and proper access to their text book, and;

that Niki Radford would also like to acknowledge the contribution of retired Science Professor Dr. Helene Gabelnick who volunteers her time at the Center and Math Department Co-Chairs Kira Adaricheva and Adam Bounas.

Respectfully submitted,

Wayne D. Watson
Chancellor
