

BOARD OF TRUSTEES OF COMMUNITY COLLEGE DISTRICT NO. 508
County of Cook and State of Illinois

HEALTHCARE PROVIDERS HIRE CNA GRADUATES
TRUMAN COLLEGE

THE CHANCELLOR

REPORTS that two Chicago healthcare facilities, Alden Village North and Covenant Methodist Senior Services, approached the college about hiring graduates of the Continuing Education Department's Certified Nursing Assistant program; and

that they did so not only because the program has a reputation in the healthcare community for high standards, but also because students complete the course and pass the state licensing exam at a rate of 98 percent; and

that two other healthcare facilities, A-Abiding Care or Park Ridge and Misericordia of Chicago, think so highly of Truman CNA students that have hired them before they even complete the program.

Respectfully submitted,

Wayne D. Watson
Chancellor
