**BUSINESS STUDENTS CELEBRATE ENTREPRENEURSHIP WEEK**  
**TRUMAN COLLEGE**

**THE CHANCELLOR**

**REPORTS** that Truman celebrated Global Entrepreneurship Week, November 17 through 23, with a series of events sponsored by students in LaSandra Skinner's Business 231-Principles of Marketing class; and

that these included a panel discussion with local entrepreneurs and a workshop on third-party entrepreneurship (think Avon and Amway); and

that Business students also promoted fellow students who already own their own businesses, including a T-shirt company, massage therapy for those with health issues, and a company that creates "green roofs" for city buildings.

Respectfully submitted,

Wayne D. Watson  
Chancellor
