

**BOARD OF TRUSTEES OF COMMUNITY COLLEGE DISTRICT NO. 508**  
**County of Cook and State of Illinois**

**Nephrology/Renal Technology Program's Involvement in Community Health Services**  
**MALCOLM X COLLEGE**

**THE CHANCELLOR**

**REPORTS** that on March 13th 2008, Malcolm X College's Nephrology Renal Technology Program students participated in World Kidney Day at University of Illinois Chicago. World Kidney Day is a Global initiative dedicated to the prevention of kidney diseases. Student volunteers, professionals from many Universities and Malcolm X College students' participation was acknowledged by distinguished guests including Secretary of State, Jessie White and 2nd Ward Alderman Robert Fioretti, who referred to Malcolm X College as a "jewel in the ward."

that since February 2007, Malcolm X College Nephrology Renal Technology program is in partnership with National Kidney Foundation of Illinois. Malcolm X College Nephrology Renal Technology Program uses this partnership to participate in community health screening events aimed towards preventing kidney diseases.

Respectfully submitted,

Wayne D. Watson  
Chancellor
