**County of Cook and State of Illinois**

**QUICK PROGRAM IS A SUCCESS**  
**TRUMAN COLLEGE**

**THE CHANCELLOR**

**REPORTS** that this summer's QUICK (Quality Undergraduate Immersion College Kit) program, designed for Chicago Public Schools graduates, enjoyed a 100 percent retention rate; and

that all students enrolled finished the course; all are enrolled full-time at Truman for fall; and

that QUICK offers participants five weeks of foundational math, reading, writing, and social science courses, taught by Truman instructors, to ensure their academic footing and allow them to build college and social networks at Truman; and

that instructors share information, which helps them align course content and gives them forewarning should a student fall behind.

Respectfully submitted,

Wayne D. Watson  
Chancellor
