

**BOARD OF TRUSTEES OF COMMUNITY COLLEGE DISTRICT NO. 508**  
**County of Cook and State of Illinois**

**STRATEGIC PLANNING PROCESS IS WELL ALONG**  
**TRUMAN COLLEGE**

**THE CHANCELLOR**

**REPORTS** that the college is working toward having a preliminary three-year strategic plan in place by the end of the year; and

that the kickoff was the Baldrige Organizational Assessment survey, which polled a cross section of the college and produced good information about challenges and opportunities; and

that during July and August, the college used the Baldrige survey and other institutional data to develop a format for the strategic plan, an overview of which was presented during Faculty Development Week August 11-15; and

that an all-college meeting will be held September 19 to explain the process, solicit input, and begin development of the strategic plan.

Respectfully submitted,

Wayne D. Watson  
Chancellor
