Harold Washington College

THE CHANCELLOR

REPORTS that the Harold Washington College Sustainability Alliance Committee (HWCSAC) was recently formed under the leadership of Associate Professor Jennifer Asimow of the Applied Science Department, and;

that sustainability practice is a major initiative to Harold Washington College as well as an imperative for all human beings, and;

that the HWCSAC initial suggested change is to electronically publish the *Harold Washington College President's Bulletin* as a means to conserve trees and other resources as well as available in PDF for easier reading, and;

that further initiatives will be suggested from HWCSAC to ensure sustainability is a common, daily practice of operations at Harold Washington College.

Respectfully submitted,
