Sub-Contract Training Agreements
Workforce Institute
(Amendment)

THE CHANCELLOR

REPORTS

that previously the Workforce Institute secured training agreements with various clients to provide training services; and

that these training agreements were previously Board approved and/or reported to the Board on the information listings for contracts under \$10,000; and

that these prior agreements are itemized in the chart below; and

that as a result of pressing client needs the training services began at times other than Board reported/approved resulting in discrepancies between the Board approved/reported contract term and the dates services were actually provided; and

that to correct the reporting on the previously approved training agreements, there is a need to amend the prior Board reports to reflect the actual service dates; and
that the amendments requested are detailed as follows:
